

25th August TLC DTC Rally Level 2

What a lovely entry, thank you all competitors. Well done to all the qualifiers there were some lovely rounds I can see these teams moving up the levels comfortably. There were a few who need to read the exercises a bit more and work on their partners attention, relax and enjoy your dogs friendship, There was a little bit too much nagging with some teams. If the dogs do's it well at home, then it must be the handler's tension putting the dogs of. Practices around the local retail park, good for crowds and distractions.

Many thanks to the committee for asking me to Judge, and all the team for a lovely show, and we survived the warm weather. And a very big thank you to my scribe Julia who keeps us all moving. Good Luck for next year, on the calendar already.
